

## AQUATIC INVADERS IN THE MARKETPLACE

This website provides consumers with the information and tools they need to help prevent the spread of aquatic invasive species commonly found in trade. Water gardeners, aquarium hobbyists, retailers, anglers, teachers, wholesalers, and more can use these resources to learn about invasive species and identify alternative organisms that are safe to buy and sell. Information on how invasions happen and easy-to-follow tips for managing and disposing of species also help visitors protect local waterways.
