

ENHANCE OUTREACH, COMMUNICATION AND EDUCATION ABOUT GREAT LAKES COASTAL WETLANDS.

- Spreading the word about the wonders and value of Great Lakes coastal wetlands to the public can help to inspire popular support for conservation projects related to wetland protection and restoration.
- The Great Lakes Coastal Assembly also supports higher education opportunities for science students who plan to begin a career in wetland biology and/or conservation.

GREAT LAKES RESTORATION INITIATIVE

Updated on: December 21 2020

The [Great Lakes Restoration Initiative](#) (GLRI) is a multi-agency collaboration that provides funding to federal agencies that work to protect and restore the Great Lakes. Both United States and Canadian agencies have been the recipients of GLRI funding across a broad scope of projects.

The [GLRI Action Plan III](#) for fiscal years 2020-2024 focuses on five important categories:

NATIONAL COASTAL WETLANDS CONSERVATION GRANT (NCWCG) PROGRAM

Updated on: December 26 2019

Coastal wetlands are valued, in part, because they protect against flooding, help maintain water quality, and provide habitat for wildlife. Coastal environments are also important economically, generating billions of dollars annually through industries such as commercial fishing and tourism. The National Coastal Wetlands Conservation Grant (NCWCG) Program provides States with financial assistance to protect and restore these valuable resources. Projects can include:
