

## WISCONSIN'S COASTAL MANAGEMENT PROGRAM (WCMP) GRANTS MAP

The Wisconsin Coastal Management Program's (WCMP) Grants Map provides an interactive way to explore a selection of WCMP grant projects that have been funded since 2014. Potential grantees, WCMP partners and others can use the map to better understand the types of projects that WCMP has funded, find projects similar to their own, or learn how the WCMP and its grant program benefit coastal communities in Wisconsin.
